BIG CROWD IF THE WEATHER PERMITS

FOR FARMERS DAY TOMORROW, SAYS JAMES LYNCH

8 FLOATS FOR PARADE

Basket Dinner Planned On College Grounds—Program To Be Held In the Auditorium

"We will have a big day tomorrow if the weather conditions will permit," is the opinion of James Lynch, secretary of the M. F. A. of this county, in speaking of the Farmers Day which is scheduled in Maryville tomorrow. Mr. Lynch has been throughout the county during the week and has come in contact with the leaders of 1500 Farm Club members and says that the farmers are planning on coming to Maryville tomorrow.

Eight Exchanges in the county have assured Mr. Lynch that they will have floats in the parade which starts at 10 o'clock in the morning. The exchanges that are known to be building floats are from Maryville, Barnard, Guilford, Conception, Ravenwood, Parnell, Sheridan, Pickering and it is thought that Hopkins would be represented.

A committee of Farm Club members for Farmers Day have just completed a two-day booster trip to every point in the county, getting in contact with the farmers to advertise Farmers Day.

The Barnard Band has given its assurance that it will be here tomorrow. Plans were being made this morning to secure other bands if possible and also other musical organizations. The Exchanges will be arranged in the parade alphabetically, with the Barnard Exchange in the lead. The route of the parade as has been mapped out will start at the Franklin School on Main street, going north to Third street, west to Buchanan street, south to Second street, again east to Main street, north to Third street, east to Market street, north to Fourth street and then west out to the State Teachers College.

Each Exchange will be followed by all the club members in that trade district and each club will have a banner designating the name of the club. The families will follow the floats in automobiles.

William Goforth of Barnard and James Lynch of Conception met with some of the members of the Maryville Chamber of Commerce this afternoon to work out further details in regard to Farmers Day.

All the farmers are expected to bring basket dinners with them to Maryville. If the weather permits a basket dinner will take place on the College grounds and in event this is impossible the dinner will be held in the College auditorium. The program will be given in the College auditorium.

W. W. Stanfield of the State Teachers College is anxious to show the farmers around the College farm and explain what work is being done at the College Farm.

St. Patrick Bazaar to Be Held Nov. 7 and 8

The first bazaar of the season will be given Wednesday and Thursday, November 7 and 8, by the women of St. Patrick's Church. The affair will be held in the basement of the church and the doors will open on the first day at 10:30 o'clock in the morning. On the opening day a chicken and mutton dinner will be served from 11 to 1 o'clock and the same evening there will be a fried chicken supper from 5 to 7 o'clock. The bazaar will open at 1 o'clock Thursday afternoon and the concluding features will be a program in the evening followed by a lunch.

The comfort and apron booth committee includes Miss Mayme Tobin, Miss Kate Vaughn and Mrs. Adolph Lippman. On the fancy work committee are Mrs. Art Garten, Mrs. Margaret Enis and Miss Pierse. The country store will be in charge of Mrs. Henry Messbarger, Mrs. John Behm, Mrs. Thomas Tobin, Mrs. Walker and Miss Alice Cox. Mrs. Pat Tobin, Mrs. Matt O'Brien and Mrs. Mike Sherlock will have charge of the kitchen, and Mrs. James Felix, Mrs. T. F. Reimer and Mrs. Elmer Bagby are members of the dining room committee.

To Show Chinch Bug Pictures Next Week

The Nodaway County Farm Bureau has arranged for the showing of the motion picture film "How to Save the Crop From the Chinch Bug," and one reel picture of the Baby Beef Show at St. Joseph in 1922, four different times next week.

R. A. Kinnaird will run the two pictures in connection with the parent-teachers' meeting at Graham, Tuesday evening of next week, at Guilford Wednesday evening, at the Lone Valley School Thursday night, and a week from Saturday, November 3 in connection with the pig club show at Skidmore. The motion picture of rural schools will also be shown at Skidmore at that time.

KELLOGG MENTIONED AS AMBASSADOR

REPORTS SAY HE WILL SUCCEED COL. GEORGE HARVEY

ENGLAND NOT ADVISED

British Foreign Office Has Not Yet Been Approached Regarding Appointment—Harvey To Return

Washington, Oct. 26—Reports were current here this afternoon that former Senator F. B. Kellogg of Minnesota had been named to succeed Col. George Harvey, American ambassador to Great Britain.

Both the White House and state department refused to confirm or deny the reports.

Harvey is scheduled to return to the United States about January 1, his resignation having been accepted by President Coolidge.

London, Oct. 26—The British foreign office has not yet been approached regarding the appointment of former Senator F. B. Kellog as United States ambassador to Great Britain, it was stated this afternoon. Attaches of the American embassy said they had no knowledge of Kellog's reported appointment.

Kelley-Stephenson Case Up in Court

The case of Henry J. Kelley against Fred Stephenson for $50, being an appeal case from justice court, was before circuit court today. Kelley claims Stephenson owes him $50, having advanced that amount to Stephenson. Stephenson claims the money was in settlement of a suit which Stephenson was to bring against Kelley. In the justice court the jury returned a verdict for Kelley and Stephenson took an appeal to circuit court.

The jury hearing the case was composed of J. H. Linville, W. D. Hoshor, Henry A. Thompson, John Appleby, W. P. Scott, Harry Cowan, Luther Fast, Alvin Robinson, Henry Rowlett, L. O. Reaksecker, A. M. Hazelton and Ed Ward.

The petit jurors were excused today until next Wednesday when the cases of the State Highway Commission, against S. H. Williams, Ernest Boyer, Grace Woods and Mary Scott will be tried. These cases were scheduled for trial today, but a continuance was granted on application of the state. It was understood the Williams case will be the only one tried and that the others will abide by the decision given in that case.

OVER 355 POUNDS FIRST CLASS MAIL

DISPATCHED FROM LOCAL POST-OFFICE IN ONE WEEK

ABOUT 15,000 PIECES

This Class Of Mail Went To Every State In Union Except Delaware —2437 Pounds Of Newspapers

For the week beginning October 7 and ending October 13,355 pounds and 9 ounces of first-class mail was dispatched from the Maryville postoffice, according to the record kept for that week in the special cost ascertainment inquiry that was in progress here for thirty days. The postage required to send this mail amounted to $268.96, and there were approximately 15,000 pieces. Another interesting fact developed in this inquiry is that this class of mail for the week indicated went to every state in the Union except Delaware.

During the same period second-class mail other than that sent by publishers and regular newsdealers amounted to 623 pounds and 11 ounces, the revenue being $36.32. Third class mail amounted to 438 pounds and 14 ounces and brought $63.68 in revenue. More than a ton and a half of parcel post shipments were made during the period, the exact weight being 3694 pounds and 7 ounces and the revenue amounted to $91.78.

Maryville newspapers sent out 2437 pounds for the week of the survey. This means there were mailed during this seven days 27,593 newspapers.

The cost ascertainment was carried on in 540 postoffices in the United States, the committee having the matter in charge selecting offices of various sizes and classes. Maryville was the only office used in this section of the state.

The cost finding inquiry went into every department of postal work, all incoming and outgoing mail having its turn in the investigation and the clerks handling the mail being required to keep accurate time records showing how long it took to handle a given number of letters and other mail classes. Tests were made to show how long it takes on an average to write a money order, register a letter, prepare a c. o.d. shipment.

When the information collected at the 540 offices in the United States is brought together and consolidated as to the various items, there will be a mass of definite information to be presented to Congress when the appropriations for the postoffice department comes before that body for action.

May Establish Branch Warehouse at Albany

Townsend Wholesale Grocery Co., To Expand On Account Of Increased Business

The Townsend Wholesale Grocery Co., is thinking about locating a branch warehouse at Albany if a suitable building for that purpose can be secured there. E. L. Townsend, president of the company, said today business has so increased in that territory that a branch warehouse is needed there. As it is now the company is running from two to three trucks a week to haul their orders to customers in that territory.

The following is from this week's Albany Ledger:

Prospects are favorable for Albany to have a wholesale grocery house within the next few months. Efforts are being made to interest local men in erecting a building for the Townsend Wholesale Co., and if a successful that company will place a store here.

E. L. Townsend, of Maryville, president of the company is in town today, interviewing some of the citizens and explaining his proportion, and making his offers. If the company comes here it will mean a new business house in the business section of the town, and it will mean employment for several men, and probably be the means of bringing several families to town.

Funeral Saturday Afternoon

Funeral services for George W. Briggs, a former Maryville resident who died in Kansas City Wednesday night, will be held in Kansas City at the Forster chapel at 2 o'clock Saturday afternoon.

Mrs. Lucien Crawford and sons, Lucien Kenneth and Glenn Edward of Ravenwood are spending a few days with her parents, Mr. and Mrs. John Gaukel of Skidmore.

Forum First For Sport Dope

Baseball fans of Maryville and Nodaway County were able to get play-by-play stories of the World's Series and Junior World's Series at the Forum's scoreboard or by calling this office. No other newspaper in Maryville had this complete service. Hundreds of telephone calls regarding the score were answered daily and each day a large number were in front of the scoreboard at the Democrat-Forum office.

Harry C. Todd of the Hanamo Telephone Co. sensed this desire of the fans several weeks ago and the Democrat-Forum wishes to thank Mr. Todd for the splendid manner in which he has furnished the "dope" to the fans here.

This office has arranged also to receive complete returns on football games in the Missouri Valley, Big Ten, Eastern and Southern conferences. Complete football returns will be available at 6 o'clock each Saturday night.

Of course, up-to-the-minute dope on the College and Maryville High School games will be available at this office during the progress of the games.

Regardless of what kind of an athletic fan you are, whether it's football, baseball, wrestling, fighting or horse racing, just remember FORUM FIRST FOR SPORT DOPE!

Air Meet Postponed Today at St. Joseph

St. Joseph, Oct. 26—The second day's program of the air meet was postponed at a special meeting of the executive committee held this morning when a heavy rain was falling, making it impossible for the flying events. The program scheduled from today and tomorrow will be held tomorrow and Sunday.

John Schneider, 88, Dies Late Yesterday

Had Been Seriously Ill Since October 13—Was Born in Switzerland in 1835.

John Schneider, 88 years old, a resident of Arkoe for many years, died at 5:30 o'clock yesterday afternoon at his home there. He had been seriously ill since October 13, when he sustained a stroke of paralysis. Funeral services will be held at 11 o'clock tomorrow morning at the family home, conducted by the Rev. S. P. Allison, pastor of the Presbyterian Church in Maryville. Burial will be in the Swinford cemetery.

Mr. Schneider was born in Switzerland January 25, 1835. In 1859 he came to this country and located at Galesburg, Ill. His marriage to Miss Annie K. Rant took place in 1863 and they removed to Missouri ten years later. Five children, one daughter and four sons, survive, as follows: Miss Bettie Schneider, John, William, George and Samuel Schneider, all of whom reside in or near Arkoe. Mrs. Schneider died September 10, 1907. Mr. Schneider is also survived by one sister, Mrs. Fritz Marti of St. Joseph and ten grandchildren.

Passes Ordinance for Building Sidewalk

Provides For Construction Of Walk 137 Feet Long On West Ninth Street Near Buchanan

An ordinance, providing for the building of a sidewalk adjacent to the south side of the southwest quarter of block two of W. R. Saunders addition to the city, was passed at a meeting of the City Council last night.

The location of the new sidewalk is on West Ninth street and the new walk will be 137 feet long. It runs adjacent to a vacant lot on the corner next to Buchanan street.

A resolution providing for the construction of this sidewalk was passed by the City Council on September 19 and advertising for bids were published. However, no bids were received and now the city will construct the sidewalk and the adjoining property owners will pay for its building.

No other business was transacted by the City Council last night.

Work For Refugees In Greece

In last year's Red Cross work fell the relief of nearly 1,000,000 refugees thrown into Greece by the debacle in Asia Minor. This operation cost $2,610,000. The emergent phase of the work was concluded June 30, 1923, when the American Red Cross withdrew.

ELECTRICAL WIZARD DIES THIS MORNING

CHARLES STEINMETZ SUCCUMBS AFTER SHORT ILLNESS

END CAME SUDDENLY

During Last Few Days, He Had Been Reported Rapidly Recovering—Edison is Shocked

Schnectady, N. Y., Oct. 26—Charles Proteus Steinmetz, internationally known electrical wizard, died at his home here shortly before 8:30 o'clock this morning.

The end came very suddenly. He had been ill less than two weeks and during the last few days had been reported rapidly recovering.

Steinmetz was born in Brenslau, Germany in 1865. He came to this country thirty-four years ago.

He was being given his breakfast this morning when he gasped and sank back on the pillow dead.

Just a minute before, he had remarked to the nurse that he felt better than he had since he was taken ill. Death was believed to have been due from heart disease.

Steinmetz left Schnectady September 1 for the Pacific Coast. On the way, he delivered numerous lectures in the Middle Western states.

The electrical wizard was forced to take to his bed a week ago, following the trip to the Pacific Coast. At that time, it was said that he was suffering from a heavy cold and an exhaustion believed to have been brought on by his continental trip.

For several years, Steinmetz was the chief electrical engineer for the General Electric Co. plant here. He was known the world over as an electrical genius.

Orange, N. J., Oct. 26—Thomas A. Edison was shocked at the news today of the death of Charles Proteus Steinmetz.

"I regret very much the death of Steinmetz," he said. The world has lost one of its greatest practical mathematicians and the electrical industry will miss one of its finest members.

Washington, Oct. 26—The amount to be paid the reorganization managers of the fusion and cancellation in connection with the reorganization of the Missouri, Kansas and Texas Railroad will be determined by the Interstate Commerce Commission at a hearing here November 1, it was announced today.

Bear Cats Embark to Iowa Wesleyan Camp

Sixteen Men Accompany Coach Lawrence—Hard Trip for Team —No Injuries

Coach H. Frank Lawrence left this morning for Iowa Wesleyan with sixteen fighting Bear Cats on the second football trip of the year for the College. The crew were picked by the Coach from the showings made in the last week's practice and constitute a formidable array to any opposing team.

The game is a non-conference game and is to be used to condition the men for the coming game with Springfield. While the men will put forth all of their energy towards winning a victory the team will be handicapped by such a long trip on the train and on a foreign field. The boys will travel on the cars until late this evening before reaching Mount Pleasant.

None of the man are suffering from severe injuries although Richards and Foreman both have bad shoulders but will not be kept out of the game by this.

The game will start tomorrow afternoon at 3 o'clock. Arrangements have been made to secure the results of the game as soon as it is finished.

The following sixteen men made the trip: Captain Foreman, Wilson, Hay, England, Thompson, O'Banion, Kirby, Richards, Akars, Eads, Hartman, Graham, Masters, Palmer, Hays Young and Pitman.

Leslie G. Somerville, county superintendent of schools, and L. H. Brownfield, secretary of the Maryville Chamber of Commerce, are attending a fair at the Morgan School near Graham.

N. C. Nolan of Guilford, a member of the school board of that place, was in Maryville today attending to some school matters.

Autographs Shown at Claytonian Society

The Claytonian litrary society, composed of boys of the Maryville High School, met this morning with Miss Laura B. Hawkins during the activity hour at the High School. Each member of the society had some interesting article to give concerning inventions, books, authors and like subjects which proved instructive.

Walter Allen showed his collection of autographs, the collection consisting of seventy-six signatures of leading American men. Among the autographs are those of President Coolidge and former President Taft. It is thought that Allen has the largest collection of this kind in Maryville.

FRANCE AGREES TO BALDWIN PROPOSAL

TO HOLD REPARATIONS CONFERENCE OF EXPERTS.

POINCARE WANTS OUT

But French Newspapers Say President Millerand Prevailed Upon Premier to Reconsider Action.

Washington, Oct. 26—France has officially notified the American government that it is agreeable to the proposed conference of experts to investigate and advise concerning the amount of reparations Germany shall pay, it was officially announced this afternoon.

The commission of experts will have associated with them such American experts as are deemed necessary. The American experts will be designated by the United States government, subject to the approval of the reparations commission.

Paris, Oct. 26—The French foreign office officially announced today that the government accepted Premier Stanley Baldwin's proposal for a reparations conference of experts on condition it is organized under the provisions of the treaty of Versailles and under the auspices of the inter-Allied reparation commission.

According to newspaper reports, Premier Poincare called upon President Millerand in person, handing him his resignation, following the announcement of the acceptance of the English proposal.

The President prevailed upon Poincare to reconsider his action. Poincare holds the position of foreign minister as well as the premiership.

The foreign office confirmed the report that France is willing for the inter-Allied reparation commission to examine Germany's capacity for indemnity payment but flatly refused to allow German delegates to participate in the discussion until settlement of the Ruhr problem.

Officials said that the Versailles treaty, the commission has the right to examine into the ability and fix the amount that Germany can pay and also to call experts into the conference.

Arrested on Charge of Corn Stealing

Steve Viles, living southwest of Maryville, was arrested today by Sheriff Roach on a charge of stealing corn from the crib of E. C. Culp. Viles was indicted by the grand jury which concluded its session Tuesday. In circuit court today he entered a plea of not guilty and his case was continued on his application.

MORE INDICTMENTS AGAINST EXECUTIVE

CHARGED WITH ISSUANCE OF DEFICIENCY CERTIFICATES

WILL TRAPP BE NEXT?

Waltonites Said To Be Preparing Impeachment Charges Against Oklahoma's Acting Governor.

Oklahoma City, Oct. 26—Testimony on which was based a charge for impeachment of Governor J. C. Walton of Oklahoma, charging the issuance of a $4,000 deficiency certificate when no such deficit occurred, brought the indictments to nineteen today.

The negro superintendent of the Taft, Oklahoma Negro Orphans Home, for which use the certificate was issued testified that he had been instructed by the Governor to "provide places as field agents for negro barbers of Oklahoma City."

There was nothing for these officials to do, the superintendent testified, but they were placed on the payroll at $125 a month. They were told that a $4,000 deficiency certificate would be granted to take care of this, according to the charge.

An article charging abuse of the Governor's pardon and parole power also was adopted, along with another charging the issuance of a $10,000 deficiency certificate for the bureau for prevention of venereal disease. Another article charging the appointment of special peace officers was also adopted.

The Senate met at 11 o'clock this morning and resolved itself into an impeachment court. It adjourned to reconvene as the Senate at 3 o'clock this afternoon and as an impeachment court at 3:30 o'clock.

Legislator friends of Governor Walton, deposed executive, were preparing today to launch an impeachment attack upon action governor M. E. Trapp. The advice of an attorney has been requested. If he finds grounds sufficient charges will be presented.

It is believed a bond transaction of two years ago, in which the lieutenant governor was involved as a broker will be the basis for the impeachment. At that time, the cause was carried to the courts without consequence. The Senate refused to consider the matter when a demurrer was presented.

Trapp gave out the information this morning that persons who annoyed him now regarding appointments might just as well write themselves down as disqualified.

Oklahoma City, Oct. 26—Sharp demands for information concerning membership in the Ku Klux Klan, the Oklahoma House of Representatives committee, appointed to investigate that organization, brought a statement from Speaker W. D. McBee this afternoon that two members were not Klansmen and that on the contrary one was a Catholic.

This statement was made after two appointees had declined to serve on account of "business reasons."

Some warm arguments preceded the announcement, McBee ruling that unless the members desired to proclaim their lodge affiliations, they need not do so.

Oklahoma City, Oct. 26—Mrs. Alma Lasky, the Oklahoma County representative, was threatened with ejectment from the House this afternoon by Speaker McBee, when she insisted upon speaking when he had ordered her to be seated.

"Mrs. Lasky, if you do not pay more attention to the orders of the chair, the sergeant-at-arms will be instructed to eject your from the chamber," McBee said.

Returning to her seat Mrs. Lasky replied, "I beg the pardon of the chair."

The House recessed from 1 to 2 o'clock this afternoon, leaving only two impeachment articles unconsidered. These were to be taken up immediately upon reassembly. The latest considered article impeached Governor Walton for his attempted censorship of the Tulsa Tribune.

C. F. Childress of Brush, Colo., is visiting in Maryville. He is expecting to return to Brush this evening.

THE WEATHER

LARGEST CIRCULATION IN NODAWAY COUNTY

PREVENTION BETTER THAN CURE.

The Right Reverend Edward A. Pace, director of the Catholic University of Washington, D. C., stated a truth worthy the attention of every parent and school man to a Chicago audience a few nights ago. It was as follows:

"There is a curious parallel in many of our daily papers. One column tells of the progress of education, of new methods and of increasing cost. The next column laments the spread of lawlessness. It is worth while considering the relation. Evidently if we are to make laws about education, we ought to make sure our education helps toward the observance of law."

"Nine-tenths of those who become criminals go wrong before they become of age. If a boy can be kept in the right path during the impressionable age, he will rarely go wrong after he reaches maturity. The purpose of education is to make good citizens as well as capable citizens and more emphasis might well be placed on right and wrong. All boys who are not actual degenerates have more good impulses than bad ones and, if they can be properly reached in the home and school, right thinking can be developed to the exclusion of wrong thinking.

No place can take the place of the home in moral development but the school and the church yield a mighty influence. The more teaching done in the home, the less will be necessary elsewhere. Too many people in this day expect others to assume obligations in the care and training of their children that belong exclusively to the home. There are some duties that can not be delegated to disinterested parties.

WHAT IS THE REMEDY

When you pick up the morning paper, if you pay attention to the criminal news, you are appalled to note the number of robberies, murders, thefts and other serious crimes committed by boys from 16 to 24 years of age. And you are further amazed to note the large number of fellows from 20 to 24 who are "well known police characters" or who have "done time" in some penitentiary already.

The old professionals have been largely displaced by boys and one of the reasons for the increase in the number of murders is the nervousness, recklessness and irresponsibility of boy bandits. Old time burglars made it a rule never to shoot if they could avoid it and save their lives. It is harder to escape a murder than it is a robbery, or used to be at least, and the penalty is more severe. But the young fellow grabs his gun and shoots any time and oftentimes.

Times have changed, the young man does not settle down as quickly as he used to, he has become accustomed to spending more than the well to-do-man in former days made; every body is looking for something easy; work is too slow and is not respected as it used to be. The result is, thousands of young fellows attempt to get money without working and the penitentiaries are becoming training schools for boys. What is the remedy?

Somebody recommends that we drink a pint of milk a day but fails to state how much water we will have to buy to get the pint of milk.

It looks like Germany might have to quit writing notes to the Allies and write a few to Bavaria and the Rhineland.

It is a pretty difficult task for a bow legged dancing master to get a knock kneed flapper to take the step just like he does.

A man in New Jersey worked and saved many years with a view to being able to spend his remaining years in California. A few weeks ago he felt that he had achieved his ambition and gave a farewell dinner to his friends on the eve of his departure for his new home where he was to rest in comfort and ease. During the excitement of the occasion he died of heart failure and went to the cemetery instead. Such is life.

Men and women in adverse circumstances often wonder what they can do to add to their income and here is where personal initiative comes handy. A Kansas City woman whose husband became crippled in an accident suddenly had this question thrust upon her. She first joined the usual current and went to work in a department store. Later, during her spare hours, she made some handkerchiefs that were greatly admired and sold them. She made more and, by and by she gave up her job and made handkerchiefs all together. One department store takes a dozen weekly and she sells many others. Last year her net profits were $1,550. Handkerchiefs are plentiful and nine out of ten would say "there is nothing to it" but this lady makes them different and in making them different she makes success.

A good deal of money could be saved for individual candidates if a way could be devised to determine to the satisfaction of all who would be the strongest and most satisfactory candidates for state officers. It is not likely that such a thing is possible. There will be a number of candidates in the primaries who have little or no chance of success and there will be others who are in the running. A state campaign under present conditions is an expensive proposition and a failure might cripple a good man of limited means for life. However there is the same fascination in politics for men that there is in the flame of light for the miller. They get their wings burned in the someway but it doesn't teach the oncoming generations much. Every man can see why the other fellow could not be elected but he can't see any reason why he should not make it.

The Barnyard Revolution

The day of the scrub hen—famed in fiction as the source of the farm wife's pin money—is going fast! Farm wife and husband now work together raising *real* birds for a profit. In next week's issue of

The COUNTRY GENTLEMAN

Harry O'Brien, who has traveled 4000 miles through the great poultry states of the Corn Belt, tells how farmers have made poultry one of their best paying departments.

Meatless war days started the revolution—with their egg-money possibilities. Now the farmer gives more attention to his barnyard, because—*it pays him!* This article is only the first of ten by Mr. O'Brien to help *you* make money from *your* poultry! I wish I could give you all the "meat" that is packed in this issue! A crackerjack Zane Grey fishing article, one to save you money on dairy cattle, another on profitable diversified cropping. Special features for the farm wife. That's only a part. And 52 such issues are yours for only $1.00!

The assisting hostesses were Mrs. Clara Heath and Mrs. Henry Foster. Mrs. S. P. Allison had as her subject Alaska, "A Graduation Essay on Presbyterian Missions," and "The Three R's in Alaska" was the topic discussed by Miss Jessie Parcher. Mrs. George R. Murray spoke on India. There were fifteen present including one guest, Mrs. Judd Harrison of St. Joseph. Arrangements were completed for the recital to be given by Ewing Poteet, twelve-year-old violinist of St. Joseph, on Friday night, November 30.

Reception for Grandmothers

The Mothers Club of the M. E. Church, South, entertained the grandmothers Wednesday afternoon in the Sunday School rooms at the church. The affair is given annually in honor of the grandmothers and was in the nature of a reception. The program included solos by Mrs. E. L. Padgette and Mrs. Charles Thorp; piano solo, Mrs. Ed Dale; and a poem, "Old Fashioned Grandmother," by Mrs. A. J. Tarpley. Refreshments were served at the conclusion of the program. About fifty guests and members were preesnt. Mrs. Calista Dawson, 82 year sold, was the eldest grandmother in attendance and was presented with a framed motto.

Hostess at Euchre

Outstanding among the social happenings of the week was the euchre party yesterday afternoon which was given by Mrs. C. C. Hellmers at the Elks Club. The game was played at nine tables and the first, second and third prizes were won by Mrs. J. D. Richey, Mrs. Hal Hooker and Mrs. Guy Mutz. Mrs. G. E. Alexander of Medicine Lodge, Kan., received the guest favor. Other out-of-town guests included Miss Lucile Hart of Evanston, Ill., the guest of Mrs. W. N. Deatherage; Mrs. Ova Goff of Barnard and Miss Mary Edna Gwinn of Bedison. The ballroom was decorated with yellow chrysanthemums and the same color scheme was carried out in the refreshments. The following group of the hostess' friends assisted in receiving and serving: Mrs. J. B. Archer, Miss Della Grems, Mrs. Ova Goff, Mrs. Lewis DeHart, Mrs. O. K. Bovard, Mrs. C. D. Koch, Miss Rose Schumacher and Miss Mary Edna Gwinn.

Skidmore Neighborly Club

A meeting of the Skidmore Neighborly Club was held Wednesday afternoon at the home of Mrs. Hallie Reynolds. In answer to roll call the members gave quotations from America's Greatest Women which was the subject discussed. Eight of America's famous women were impersonated and described by the following club members: Martha Washington, Mrs. Jessie Reese; Pocahontas, Mrs. Cloie Manning; Betsy Ross, Mrs. Florence Hoblitzell; Harriett Beecher Stowe, Mrs. Viola Barber; Carrie Nation, Mrs. Eula Hall; Kate Douglas Wiggins, Mrs. Goldie Wells; Frances Willard, Mrs. Nina Geyer; and Aunt Jemima, Mrs. Hallie Reynolds. Fifteen members and four guests, Mrs. Mervyn Gray, Mrs. Ray Strickler, Mrs. W. S. Linville and Mrs. Cox, were in attendance. Autumn leaves were used throughout the rooms. The club will give a Halloween party next Wednesday afternoon at the home of Mrs. Minnie McMahon, with Mrs. Nina Geyer and Mrs. Rosa Spahr as assisting hostesses.

Dunn-Schaaf.

Marguerite, daughter of Mr. and Mrs. Peter Dunn, of Kansas City, and Allen Schaaf, son of Mr. and Mrs. Chris. Schaaf, of near Clyde, were married at St. Anthony's Church in Kansas City, at 8 a. m. Wednesday, Oct. 24, Rev. Fr. O'Malley officiating. They were attended by Miss Dorothy Dunn, sister of the bride, and Leonard Schaaf, brother of the groom. The happy couple are well and favorably known in this and Clyde vicinity and after a short honeymoon trip will be at home to their many friends in Clyde.—Conception Courier.

Knabb Country Club

Members of the Knabb Country Club were entertained Thursday with an all-day's meeting at the home of Mrs. Charles Wells. The World's Greatest Range

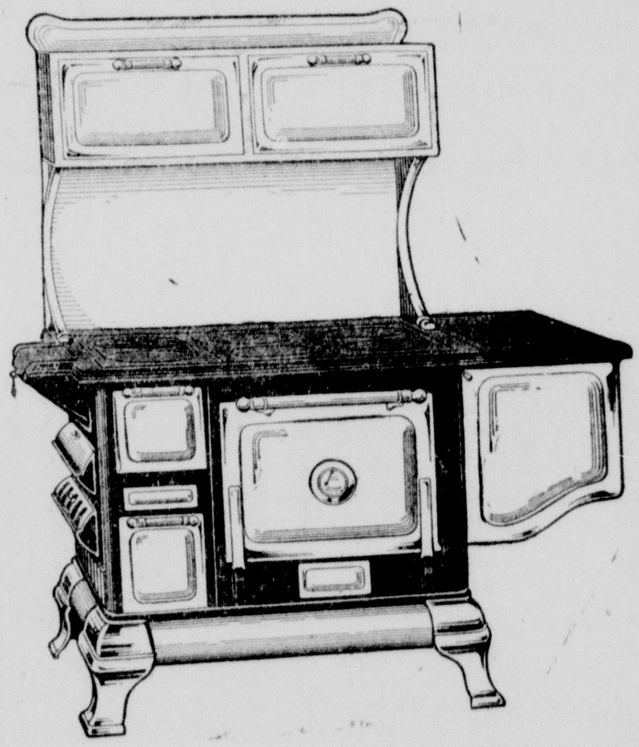
at our store

Week of Oct. 29 - Nov. 3, 1923

The Copper-Clad Crank—a special factory representative—will be here during the entire week mentioned above, to show and explain the many Copper-Clad exclusive features. He will explain about range rust and the pure sheet copper lining in Copper-Clads. He will tell in detail just why Copper-Clad owners must be "Range Happy" folks.



See Asbestos Sweat!

No matter whether you want a range now or next year, or any other time, it will pay you to come and see the Copper-Clad Crank make Asbestos Sweat. He takes any piece of Asbestos, puts it between two iron plates—heats it—and shows you sweat. You can roll it up in drops with your finger. You see for yourself WHY ranges rust out. Then you will KNOW why the pure sheet copper lining in Copper-Clad adds many years to its life.

REMEMBER THE DATE!

Pickering

(O. G. Null).

Mr. and Mrs. H. H. Hood of Hermosa Beach, Calif., who have been visiting relatives in this community for the past month, left Monday for Topeka, Kan., where they will visit a few days before starting for their home.

Mr. and Mrs. H. M. Lincoln and Mr. and Mrs. H. C. Lincoln are visiting this week at the home of Mr. and Mrs. Os. Lincoln at Auburn, Nebr. They will probably return home Saturday.

W. H. Lilley returned to Pickering last Saturday after spending a month at the Taylor farm near Good Hope Church looking after the stock and poultry while Mr. Taylor and his mother were on a trip to Colorado.

Mrs. C. D. Lucas of Royal, Nebr., is visiting this week at the home of her grandparents, Mr. and Mrs. W. R. McKee. Mrs. Lucas is the daughter of Mr. and Mrs. Lee Tyler, former Pickering residents.

M. F. Fakes, janitor of the Pickering school, has been confined to his home most of this week by illness, but is now able to be out again and expects to resume his work again next week.

J. B. Loch has been taking care of the schoolhouse during the illness of Mr. Fakes.

Dr. E. L. Crowson was brought home from the hospital at Maryville last Tuesday and is reported as gradually improving, though it will probably be several days before he can be out.

W. A. Gorton went to Savannah, last Saturday to take treatment at the Nicholls Sanitarium.

Ed McKee began work in the Alexander grocery last Monday after about two months' vacation on account of ill health. His many friends are glad to see him able to resume his work.

Guy Hinton and family, who have lived four miles northwest of town this season have disposed of their household effects and left Thursday for Colorado, where they have rented a farm for next year.

Frank Green is building a concrete walk along the front of his property this week. This walk replaces the last piece of board walk in town and will be quite an improvement to the property.

Members of the Farmers Exchange at this place are building a float to be shown in the parade in Maryville on Saturday. They will probably take part in some of the various contests at the picnic on that day.

Wm. Berkey had a valuable horse so badly injured Thursday while scraping out a pond that he had him killed to relieve his suffering. The tendons of one leg were cut entirely off by the scraper.

A community picnic will be held in Pickering on Saturday, November 3. An auction sale in the forenoon, a big basket dinner at noon and various contests and games in the afternoon will be some of the features of the picnic. Everyone is invited to come and spend the day with us.

School Notes.

The High School attended the tabernacle meeting in Maryville Thursday evening in a body. A truck and a number of cars were provided to take them. Let's boost for Pickering on all occasions.

The girls of the high school met Wednesday evening and organized a hiking club. A letter is offered to the girls who hike one hundred miles during the school year. The following officers were elected: Pauline Swinford, president; Crystal Copeland, vice president; Hildred Hinton, secretary and Pauline Loch, treasurer.

The junior class has elected the following officers for the year: Paul Burks, president; Virgil Zook, vice president; Lorace Gray, secretary and treasurer.

The boys' basketball team will play the Ravenwood team at Ravenwood on Friday afternoon. This will be the second game with Ravenwood the first being played on the Pickering court and resulting in a victory for the Pickering team.

Rev. C. A. Knouse has visited the high school several times this week, arranging for the high school to attend the meeting being held in Maryville on Thursday evening. Miss Kemper and her mother, Mrs. Mollie Kemper, attended the celebration of the eighth anniversary of the wedding of Mr. and Mrs. R. B. Gex, Jr., at their home south of Maryville on last Sunday.

Methodist Church.

Canned fruit for the hospital is beginning to come in. Bring it to the home of Mrs. J. W. Wiley.

The children's service was well attended Sunday morning and two infants, Sarah Ruth Kelly and William Elmer Hanna, were baptized.

About twenty-five ladies attended the all day meeting of the Wesleyans at the church Thursday. Besides having a great talkfest they did a lot of work for the bazaar to be held Dec. 1.

The quarterly meeting announced for next Sunday evening at Myrtle Tree has been postponed till a date to be announced later.

Pastor Lane Douglas will preach at Pickering Sunday morning and at Myrtle Tree Sunday evening. Come early and get a good seat.

Christian Church.

It sure looked good when 143 people stood up for Pickering at the tabernacle Thursday night. It was Pickering community night and it begins to look as though the folks around this little town had caught the spirit of the night and are willing to drive several miles to stand up for her. If we keep up our delegations that well it means that Pickering is going to get a world of good out of that meeting. It also means that the church here will be prepared for the meeting that will be held here later. Some folks are saying that they will not attend the central meeting at Maryville, but will attend the one in the home church. No, they won't. That is just a flimsy excuse to save gasoline and sleep so as to try to blind themselves a little darker with the dollar, and other things that are keeping them from the church.

At the tabernacle on Thursday night we said that our goal for Sunday school was 201. Can it be done? Yes, all right let's do it. Don't be one to stay at home and then say, "I knew that was too high and that they would never get that many there." That kind of spirit never did win anything except the "booby prize."

The meeting of the Missionary Society will be held at the home of Mrs. Crowson next Thursday afternoon. The prayer meeting will be held in connection with that meeting. Mrs. Orlo Lincoln will be the leader of the combined meeting. Everybody welcome.

Remember that there will be no services here Sunday night, but there will be services Monday night instead.

The sermon for Sunday morning will be, "The Autumn Time of Life and Its Lessons." We are trying to have a special program in connection with the sermon. Everybody come.

The ladies of the church will hold their Bazaar on Saturday, December 15. Watch for further announcements.

Miss Wright to Mississippi.

Miss Lucile Wright will leave tomorrow night for Biloxi, Miss., where she has accepted a position in the high school. Miss Wright is a graduate of the State Teachers College and taught last year in the Gallatin High School.

R. L. McDougal went to St. Joseph this morning to attend the annual meeting of the Missouri State Building and Loan Association which opened this morning for a two days' session.

Mrs. Roy Wolfers and little daughter, Margaret, and Miss Mary Wolfers of Pickering visited in Maryville today.

Mr. and Mrs. Guy Plummer of Burlington Junction were here on business yesterday.

Marvin E. Laughlin of Guilford was a business visitor here today.

...rriage license has been issued in Kansas City to Arthur R. Stage and Opal Holmes, both of Conception Junction.

W. L. Baker and Elmer Hart of Skidmore visited in Maryville today.

Mr. and Mrs. ... Boyer and sons of Clearmont were in Maryville today.

Mr. and Mrs. Frank DeLong of Ravenwood were Maryville business visitors today.

MARYVILLE 13; KING CITY 0

Smith carries ball over near end of second quarter: Ogden kicks good. Score—Maryville13: King City 0.

At the beginning of the second quarter Willoughby carried the oval over for the first counter of the game. The attempt to kick goal failed. Score, Maryville 6; King City 0.

First Quarter.

Maryville plowed the King City line four or five yards at a time. The local team fumbled the ball near the twenty-yard line, losing a chance to score.

Both teams are playing loose football, fumbling and missing tackles frequently.

The crowd is estimated at 450.

The following was the line-up at the start of the game: King City—Deal and Kennedy, ends; Childers and Spence, tackles; Danbury, center; Clevenger, quarter; Bacon and Stanlea, halfs; Lemaster, full-back. Maryville—Ogden and Cockayne, ends; Helpley and Epperson, tackles; Hall and Phipps, guards; Bush, center; Willoughby, quarter; Chick and I. Miller, halfs; Smith, full-back.

The officials are: Referee, R. R. Peters, St. Joseph; umpire, L. M. Eck, Maryville; head linesman, H. L. Raines, Maryville; timer, the Rev. J. A. Cooper.

Danger From Fire Greater in the Fall

"Most of the fires in the fall are caused by two things—lack of attention to defective flues, and carelessness in burning leaves," is the opinion of Fire Chief B. M. Rowley.

Furnaces have been in operation for some time in Maryville and they have caused many fires already this season although not as many as in previous years, according to the chief.

For the next month or so it is probable that burning leaves will cause the most trouble, for the frosts have started and leaves are beginning to fall.

In order to prevent the spreading of fires the chief has asked that the greatest care be taken in destroying the leaves and other waste material. Fires should not be made near a frame building, telephone pole or any other inflammable object. Leaves should not be burned in such large piles that the fire has any chance to get out of control, and fires should be watched constantly so that they will not spread by burning dry grass.

At Empire Monday

John Fisher Anderson, a former Nodaway County resident who is visiting here, will give a lecture and moving pictures on Hawaii at the Empire theater Monday night in connection with their show. Pictures of Yosemite Valley in California will also be shown.

Mr. Farmer, Do You Know That---

More than half the wealth of America is in her farms? A value equal to all the railroads, manufacturing of every kind and all other industries, and yet the financing of farm loans received little attention until we discovered that the fertile soil mantle that covers the smiling valleys and eternal hills of America was the safest security in the world on which to base loans—and then the Federal Farm Loan Act was passed. Let us tell you of its good features.

Help Kidneys By Drinking More Water

Take Salts to Flush Kidneys and Help Neutralize Irritating Acids

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which may quickly relieve your bladder irritation. By all means have your physician examine your kidneys at least twice a year.

Public Sale Duroc-Jersey Swine

AT THE CORNING FAIR GROUNDS
Commencing at 1:30 p. m. Promptly.

TUESDAY, OCTOBER 30, 1923

24 BOARS—25 SOWS AND GILTS—All Cholera Immune.

The offering consists of 23 spring boars, one fall boar, 23 spring gilts and two sows with litters at foot.

By the use of a pure bred boar the farmer can insure himself of nearly 40 per cent greater returns from his pork production—in securing your pure bred boar you naturally will want the best, which of course, is a "Duroc Jersey" and if you will come to the fair grounds on the 30th of October we will show you just what you should crave. As we are also selling females there is another fact you should know. The world's record for tonnage of pork produced by one sow is held by a "Duroc" sow—the weight of the litter on Sept. 1 at 180 days of age, was 3898½ pounds or an average of 324.9 pounds per head for each of the twelve pigs in the litter. This will be a mark for all breeds to shoot at for some time to come.

Don't forget our number or the sale date, Oct. 30 and make it a point to be with us. Everything will be free except the hogs and they won't cost much.

TERMS—Cash or its equivalent.

Women to attract must

Radiate Health!

BEAUTY is the magnet which draws all eyes—and back of beauty—Health—working silently.—Red blood tingling through the veins;—the glow of youth in the cheeks;—the spring of eagerness, of vim, of vitality in the walk;—the ever graceful air, unrestrained by care or worry—All the charms of beauty. All the works of health.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps—wondering—hoping—praying for that attractiveness that is not theirs.

But why the wondering—the hoping—the praying for that craved-for attractiveness—that beauty. Good looks is the barometer of one's condition. Good health radiates beauty. S. S. S. purifies the blood—creates new red blood cells—rids the system of impurities which make beauty and attractiveness impossible. As women to attract must radiate health so must they keep their systems free from impurities and their red blood cells ever increasing. S. S. S. does both.

S. S. S., since 1826, has been ridding the system of impurities—pimples, blackheads, boils, eczema and rheumatism—building red blood cells—aiding women to be attractive by radiating health. S. S. S. is made of carefully selected herbs and barks, scientifically prepared and proportioned. All good drug stores carry S. S. S. It is more economical to purchase the large size bottle.

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known. Always say "Rowles."

Attendance Is Growing at Tabernacle Meetings

Pickering Leads In Delegation Attendance With 143 Present—Special Feature For Tomorrow Night

The attendance is growing steadily at the meetings in the big tabernacle, last night seeing the largest crowd of the series thus far, excepting the Sunday nights. It was special delegation night for the Hopkins, Pickering, Gaynor and Bedison communities. They were all represented with a good delegation, Pickering has the largest crowd of any outside church thus far, with 143 in their delegation, and Hopkins with a close second with 127. Hopkins outclassed Burlington Junction, their friendly rival, as they had only 113 in their delegation last Tuesday night.

The musical program was a special feature of the service last night, with two solos by Arthur Hamilton, a male chorus selection and songs by the delegations. After conferences were held last night of the workers from the different communities planning for the work and making special arrangements for personal work looking toward the first invitations of the meeting which will be extended in the meeting next Sunday.

The evangelists and pastors are attending the big religious festival at Burlington Junction today, with all day meetings and a big barbacue dinner. This is the first of a series of all day meetings to be held every Friday of the Campaign in the strategic centers of the county. The next Friday's meeting will probably be held at Barnard.

Tonight's service is in special interest of all the church members of the county and the leaders are urgently requesting all members to be present. This is special delegation night for Skidmore, Bethany, Palestine and Graham communities.

A special feature of Saturday nights service will be a moving picture of John Fisher Anderson's story, "Seeing Hawaii on American Pluck." This picture was taken by Mr. Anderson himself while on a trip around the world and is a first hand story by this famous "globe-trotter." The service will begin at 7:15 and those who come later than that time will miss the picture. Mr. Anderson is a Nodaway County product and his message in picture will be of special interest to all.

Teachers at Graham and Skidmore Today

Nutrition classes are being conducted in the schools in Graham and Skidmore today by Miss Mildred Smith, nutrition specialist of the Nodaway County Red Cross chapter. Yesterday Miss Smith instructed nutrition class at Hopkins.

The food selection class which met in the Red Cross rooms Tuesday evening was attended by fourteen Maryville women.

Saturdays Miss Smith spends in the Red Cross office, the day being devoted to conferences. She will be glad to confer with teachers on hot lunches and assist in plans for nutrition work.

Scientific Library to Be Formed at M. H. S.

A plan has been inaugerated at the Maryville High School for securing a scientific library. The members of the general science class of the High School, numbering sixteen, have agreed to buy some needed books along some scientific lines and contribute them to from a general science library. Mrs. Verne Manley, instructor of the class, is pleased with the idea because it will give all the members of the class an opportunity to consult more books than if each student was confined to only the books in their possession.

Elliff Praises Conception College

Professor J. D. Elliff of Columbia, Mo., High School Visitor for the Missouri State University and also for the North Central Association of Standard Schools, spent Tuesday morning in inspecting the High School Department of Conception College. Of particular interest to him at this time was the Agriculture Course recently introduced at the College. The enrollment up to date has been twelve. In the opinion of Professor Elliff the Agricultural equipment far surpasses that of the ordinary State High School, and equals that of any Vocational School in the State. After going over the Abbey farm his observations were summed up in the words, "This is the finest farm in the State of Missouri." Certainly it was gratifying to the Faculty to hear from the Visitor upon parting, "I have nothing to suggest nor a change to advise." Conception College Academy has been accredited to the Missouri State University for the past four years.

The College wishes to take this occasion to publicly thank Mr. John Allen and Son for their donation to the Agricultural Department. In appreciation of the fact that the community is to have the benefit of an Agricultural school at their door, they have presented the College with the pick of their herd, a yearling Aberdeen-Angus heifer of Queen Mother blood, one of the best families of this particular breed.

Safety Zones Being Painted at Corners

Safety zones are being painted at the intersections of the busy business corners of Maryville for the purpose of eliminating danger to pedestrians when crossing the streets. The city commissioners are having these white lines painted on the pavement with a view that the pedestrians will follow these lanes and stop jaywalking.

According to Harve England, chief of police, a campaign will start to eliminate jaywalking on the busy street corners. He thinks that the pedestrians can be educated or become accustomed to follow lanes marked at the ends of the blocks which will avoid needless confusion among the drivers of vehicles and those using the crossings. A special patrolman will soon be put on duty to assist in the observance and use of the safety zones that are being provided at the street corners.

A number of accidents have happened due to the failure of crossing the streets at the proper places.

The chief of police said he hoped the people would use the lines marked out, but in case jaywalking still continues, it would perhaps become necessary for the council to pass an ordinance prohibiting the custom of jaywalking, the ordinance carrying with it a penalty proviso.

Hallowe'en Party at High School Tonight

A hallowe'en party, sponsored by the first-term seniors of the High School, is to be given tonight at the High School Building. The advanced senior class and all of the faculty members have been invited. Committees on decorations, refreshments and entertainment have been working hard to make the party a success. The party is in the nature of a masquerade affair.

Home From Racing Season

Ralph Griffin arrived in Barnard on the noon passenger Tuesday from Dallas, Texas, bringing with him four race horses and a saddle horse in a palace horse car.

Ralph spent the greater part of the racing season in Canada, returning to the states in September winding up his season in Dallas, Texas. He has had a very successful season and returned with his horses in good condition. He will keep the horses on his farm west of town this winter.—Barnard Bulletin.

Mr. and Mrs. Will Snyder and daughter, Florine, returned Wednesday night from Willow Springs, Mo., where they had been visiting for the last two weeks at the home of Mrs. Snyder's sister, Mrs. J. W. Goff, and Mr. Goff.

Barnard Band Will Be Here Tomorrow

Barnard Exchange Will Bring Band With Them To the Farmers Picnic

The Barnard Bulletin this week had in part the following about the picnic to be held in Maryville tomorrow.

The Barnard Exchange will close all day Saturday and will enter the parade and contests with a spirit that bids fair to carry off their part of the prize money. A float is already in the process of construction.

At a meeting of the farm clubs last Friday night, Clarence Lyle was appointed to attend to the decorating of the float representing the Exchange. He will be assisted by two members of each club.

In addition to the float for the Exchange, each of the clubs will enter cars with the members and school children carrying banners with the words of their slogan.

The Barnard Band will accompany the Exchange from here.

The Barnard delegation will meet at the elevator Saturday morning and leave promptly at 8:30 as they must be at Maryville and in line for the parade at 10 o'clock.

The committees from the various farm clubs assisting Mr. Lyle in making the float are as follows: Common Sense, Mr. and Mrs. Clark Goff; Trego, Mrs. E. H. Stafford, Mrs. Wilmer Clayton and J. L. Davison; Fairview, J. A. Jobe and Mrs. Marion Ankrom; Stotts, Wm. Turner and Mrs. J. B. Stotts; White Hall, Mr. and Mrs. Soren Nelson.

A truck from Common Sense containing the school children will be driven by B. P. Jackson. Boone Clark will pilot the kiddies of the Trego Club. A truck from Fairview will carry the school children from that district, the driver at this time not having been selected. Stotts will also have a truck carrying the school children. Huston Smith and Elvet McBride will drive cars carying the children from White Hall.

Several women from Trego have signified their intentions of entering the bread baking and cake baking contests.

The office of the five clubs which make up the Barnard Exchange are as follows: Common Sense, W. D. Burns, pres., Chas. Leeper, sec., Trego, Crate Nester, pres., Clarence Lyle, sec.; Fairview, Wm. Goforth, pres., J. A. Job, sec.; Stotts, H. T. Weldon, pres., J. B. Stotts, sec.; White Hall, Huston Smith, pres., Soren Nelson, sec.

School Fair at Skidmore on Nov. 2 and 3

(Skidmore News).

The second annual school fair for the Skidmore schools will be held in the Legion Hall in Skidmore Friday and Saturday, November 2 and 3. If the weather is favorable the Pig Club members will exhibit their showing in the street, and if the weather is bad, they will be in some building close to the hall.

More than $200 had been provided by the school board for premiums and this week the merchants of Skidmore have offered additional premiums that will amount to around $100.

All the business houses are preparing special bargains to be offered for the two days, and a bazaar and dinner will be in the Linville building, south of the Bank of Skidmore, during the two days.

This is one place where every one in the school district can encourage the pupils and teachers of the various schools by coming to the fair and taking an interest in the exhibits. The teachers and pupils are doing some extra hard work to get the special booth prize, and there is no doubt that each booth will be fixed up in good shape.

Most of the day Friday will be taken up in preparing booths.

Following is the list of special prizes that have been offered:

Company Buys Light at Humphrey, Nebr.

Humphrey, Neb., Oct. 25—Purchase of the Humphrey Electric Light & Power Company by the Continental Gas & Electric Corporation of Omaha was announced here today. The Continental will take possession shortly of the Humphrey company's property, which includes the distribution system, oil generator and steam generator.

The Continental will rebuild the distribution system, which is now 220 volt direct current, for standard 110 volt alternating current and will install a substation. Humphrey will then receive its current from the Norfolk-Fullerton high tension line of the Nebraska Gas & Electric Company, which is a part of the continental system.

The company has obtained a twenty-five year franchise and will later obtain contracts for the city's street lighting and water pumping.

The Continental's system now embraces nearly 175 towns and cities in Nebraska, Iowa, Missouri and Canada.

The Continental Company owns the Maryville Electric and Power Co.

Chicken Thieves Busy

(Barnard Bulletin)

Chicken thieves visited the chicken house at the Chas. Wohlford home one night last week and helped themselves to the entire bunch of young chickens raised by Mrs. Wohlford with exception of some six or seven that roosted so high in the trees that they could not be reached.

Mr. and Mrs. Wohlford were aroused about three o'clock in the morning by the squacking of chickens but before they could get out the thieves made their escape taking with them a good harvest.
